

In The Claims

Please cancel claims 4, 13, 24, 25, 26-30 and 32.

Please amend claims 1, 2, 5, 6 and 14 as follows:

1. (Third Amendment) A plastic molded container, comprising:

a blow-molded bowl comprising an upper rim, a bottom, a central axis and a sidewall extending between the upper rim and the bottom, the blow-molded bowl being configured to withstand a hot fill or retort application without deformation, the rim being configured for accepting a lid in engagement therewith, the sidewall in cross sectional profile being a smooth continuous curve between the upper rim and the bottom, the sidewall extending radially outwardly before extending radially inwardly as the continuous sidewall extends downward between the upper rim and the bottom to provide a bulging continuous sidewall, the sidewall further having a diameter, the diameter being perpendicular to the central axis and being larger than the height of the bowl, the height being the distance between the bottom and the upper rim, the blow-molded bowl further comprising at least three feet disposed on the bottom, the feet being co-formed with the bottom and configured to extend symmetrically along the bottom.

2. (Amended) The plastic molded container of claim 1 wherein the at least three feet are unitarily formed along the bottom as deformations of the bottom.

5. (Amended) The plastic molded container of claim 2 wherein the three feet comprise a first foot that extends along a radius of the bowl as viewed from the bottom thereof, and a second foot and a third foot which extend in opposite directions and perpendicular to the radius along which the first foot extends.

✓
6. (Amended) The plastic molded container of claim 2 wherein the at least three feet
comprise at least four feet.

14. (Amended) The plastic molded container of claim 1 wherein the lid is rotatably
securable to the rim.

A marked up version of the claims is included with this amendment.
